From the **ORIGINATOR** of the **Monoblock**

Simple • Dependable • Repeatable

Our Filling & Capping monoblock equipment is designed to deliver decades of dependable operation.

Process glass, plastic & metal containers with plugs/tips, caps, dip tube, brush tip caps and Micro-Tubes. Also processes stoppers and vials.

Further enhance your operation with our integrated “built-in” PRINT & APPLY LABELING!

All machine functions are performed while the container is in-the-star-wheel under full control.

Experience the industry’s quickest and cleanest change-over with our patented **ChaseLock®** system.

Equipment Selections for Round • Square • Oval Containers!

Servo Capping with Torque Feedback

ChaseWeigh™

“Tare-Gross” Checkweighing

Real-Time Data For Display & Collection

Automatic Tray Loader

**Through-the-Wall
Bottle Transfer System**

Automatic Fill – Plug – Cap

**Chase-Logeman
Fully Integrated Sterile Filling Line System**

**Integrated
Bulk Bottle Unscrambler**

ChaseLock® (patented)
“Tool-Free” Changeover System
the Industry’s QUICKEST & CLEANEST
...and it's as simple as 1-2-3 !

Step 1: Simple “push of a button” releases the Feeder Bowl and Track for easy lift off. Replace Bowl and Track in “fixed” position, with no adjustments required, all “tool-free”.

Step 2: Quick release “tool-free” escapements for stoppers, plugs, and caps component part changes.

Step 3: Easy “tool-free” star-wheel and guide rail change for bottles and vials.

Additional Chase-Logeman Equipment Offerings
